Dear General Quamit:

In accordance with a request from Colonel Baines of your staff the clandestine services component of this Agency has prepared the attached paper on some possible Soviet harassment techniques which should be considered in planning PROJECT CLOUD GAP Field Test CG-7. I hope that this material will be helpful for incorporating some "Soviet realism" into this and other field tests you may be undertaking.

You may show this paper to contractor personnel who have a need to know and are cleared for access to secret documents by PROJECT CLOUD GAP, ACTA or DOD.
